

Take A Look At The New Masonic Education Curriculum

The new Masonic education curriculum was prepared as a direct result of feedback from Masons attending the three Divisional Conferences in 2014.

Masonic Lodges need this curriculum so that every Freemason learns the same basic topics in Masonry and becomes confident about Masonic signs, words and the meanings of our ceremonies. The document sets out the topics needed to strengthen Freemasons' knowledge in our 3 degrees.

A copy of the curriculum can be obtained by emailing the Education Pillar Chair, Dr George Allan on ed.chair@freemasons.co.nz .
