Victoria Fires

The Grand Lodge of New Zealand has offered our support to the Grand Lodges in Australia for the fire and flooding disasters that are occurring there. We have asked them to let us know what they need at this terrible time.

They have acknowledged our offer and have advised us that they are still trying to sort things out and will respond to us when they know what is most needed.

We are awaiting their advice before launching any appeals to Lodges. Further information will be advised once we have better details of the most urgent needs.
