

Communication Frequency Remits

A SIMPLE GUIDE

📌 Flexibility in Timing & Location:

- Communications can now occur in October or November, syncing with our Grand Installations.
- We're also granting freedom in selecting the venue for these gatherings – The communications will move periodically through the divisions – and line up with the same location in a Grand Installation year

📌 Introduction of Annual Gatherings:

- We're rolling out an annual communication format. This means annual meet-ups instead of a once-in-three-year system.
- Like before, these yearly rendezvous are set for October or November.

📌 Information At Your Fingertips:

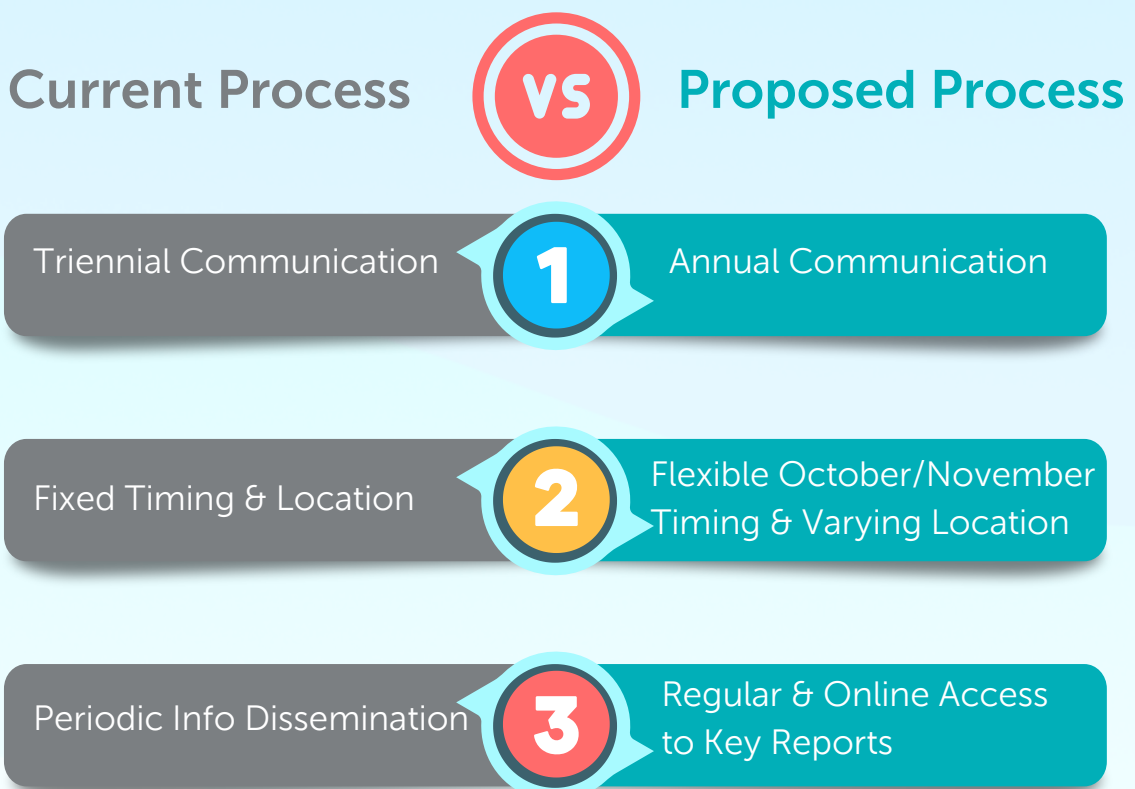

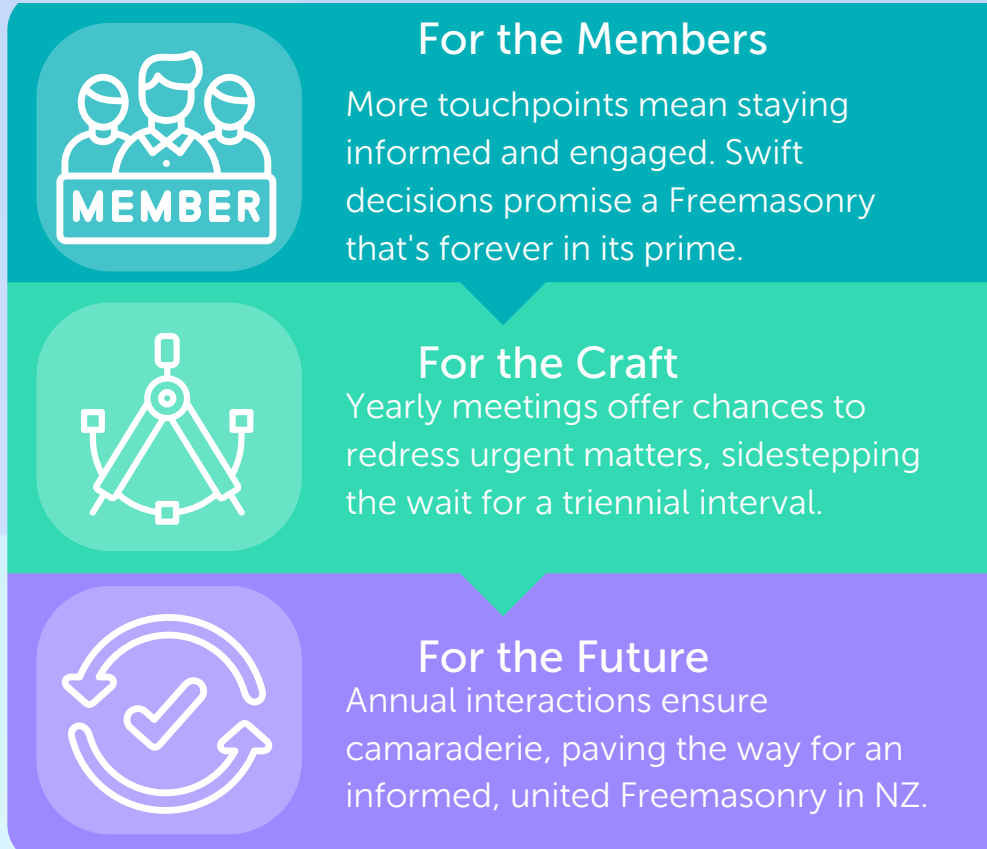

- Financial insights, reports, and vital memos will be at members' disposal at least 21 days pre-meeting.
- Essential reports and financial snapshots on the Freemasons New Zealand website will be a click away.
