Now we move to Item Eleven, which is General Business. We have moved relatively quickly through the proceedings. So, I will take any general business from the floor, feel free to put your hand up, I'll acknowledge that stand, and speak on the matters that you want to, after which we'll see if there's any further requirement to continue. And we may if there's nothing close early, but I'll talk about that a bit later.

General Business

My name is Ken Burt, Herbert Teagle Taia Lodge No 300. I'd like to pose a question in relation to the current Remit system, where the Board of General Purposes, put out the Postal Remits to the lodges to vote on either yes or no. There is no opportunity for lodges, or for Brethren to make amendments to those remits. It's either a yes or no. It used to be when we came to a business session that all remits were discussed. Brethren had an opportunity to say yes or no and also stand up and speak to those remits. I would like to ask if the Board of General Purposes could consider going back to the way remits were dealt with. Some people may think it's a backward step. But I think it's actually giving Brethren an opportunity to talk about those remits. Thank you.

MW Bro Graham Wrigley

Thank you, Brother. Just as a comment that I'd like to make, this matter came up at the last communication three years ago. And it was by agreement of the Communication that postal ballots will be accepted. And that's what has been used but I can assure you the Board will take on board your comments and that can be looked at for the future. So that's really all we can do at this point.

Any further matters of general business. To me this is looking like the fastest and quickest Grand Communication that we have ever had. Which means to me that everybody seems to be happy with their life at this moment.

VW Bro Duane Williams

Brethren, if you have not filled out one of these cards on your entry, could you please do so on your exit and put it in the box near the door, because I record all your names in the Book of Proceedings as being present, that will be appreciated. And if you didn't manage to pick up a copy of the Necrology and the Annual Report, there are copies outside the door for you.

MW Bro Graham Wrigley

So, Brethren, as the Grand Master I'm going to ask for somebody from the floor to move a motion that the Grand Lodge now be adjourned, and we don't work to the full-time allocation as published in our Rules, if somebody could move that we adjourn, move by

RW Bro Pat Cooney

Pat Cooney, Lodge Manuherikia Kilwinning No 109. I so move.

MW Bro Graham Wrigley

Seconder? I'll go with you.

W Bro Marty Waters

Most Worshipful, I second that proposition.

MW Bro Graham Wrigley

Brethren, let this Grand Lodge Communication be adjourned. All those in favour say, Aye.

Brethren

Aye.

MW Bro Graham Wrigley

Against. Carried

It's amazing, isn't it? Absolutely amazing. Brethren, there's no more for me to do at this stage, other than to remind you that our Grand Installation commences tomorrow at 2.30 pm, well the doors open at 2.30 pm, so please be seated for that as the opportunity to be a part of the Installation of our new Grand Master.

From my point of view, I'd like to thank the Brethren from all lodges for the courtesies extended to me over recent years.

VW Bro Denis Blacklaws

Grand Master correction, the doors open at 2.00 pm.

MW Bro Graham Wrigley

The doors will be open at 2.00 pm. Thank you, Brethren, on that basis, I adjourn this Grand Lodge until 2.30 pm tomorrow.

The Communication concluded at 2.05 pm.

A year *like no other*

A message from our Grand Master, MW Bro Graham J. Wrigley

It is my pleasure to present this Annual Report which covers the period from 1 July 2021 to 30 June 2022.

As New Zealand dealt with the impact of lockdowns and restrictions imposed by our government, we were still able to achieve many of our planned activities against the Strategic Plan.

Our thrust for the year was to build towards our 'one vision, one goal and one team' approach, and we have been encouraged by the commitment that many of our Brethren have made towards this. We still have some distance to travel, but we are confident that over the next few years we will be a long way down the path towards thriving Lodges, engaged Brethren and growing membership.

The year's challenges had a major impact on our Lodges, with many unable to meet in our traditional manner. However, we embraced technology through Zoom meetings and Facebook Live sessions, and demonstrated the true masonic values of support and comfort to our more vulnerable members.

We still have many challenges ahead of us due to the worldwide pandemic, as costs increase and the delayed investment in our infrastructure starts to show. These issues will need to be addressed over the coming years.

It is essential that we acknowledge the outstanding work that has been the cornerstone of our achievements this year. All Lodges have worked hard to make a difference, and we have seen incredible engagement with some of our charitable projects.

Although delayed, our relationship and support to the Special Olympics saw some incredible fundraising and engagement at local levels to support the special athletes. Our relationships with New Zealand's Universities continue and our annual scholarships are one of our flagship programmes.

Our thanks go to you all for the commitment and loyalty shown to the Craft over the last 12 months. While the Brethren have worked hard, we must acknowledge the outstanding work achieved by our National Office led by Mark Cassidy as the Executive Director. The National Office team made sure that we have 'moved with the times' and provided exceptional support to our Lodges.

MW Bro Graham J. Wrigley
Grand Master

Our Organisation

The Grand Lodge of New Zealand is an unincorporated Society trading under the name of Freemasons New Zealand. Its 5,332 brethren are members of 193 Lodges across New Zealand. Each Lodge operates under a charter issued by The Grand Lodge.

The assets of The Grand Lodge are held in trust by the Grand Lodge Trustees under an act of

Parliament. These assets include the proceeds from the sale of Lodges held in the Masonic Building Fund to be used for the acquiring and preserving of buildings or land.

The Grand Lodge has established a separate registered charity CC46016 with its own trust deed. It's known as The Freemasons Charity and is devoted solely to charity within New Zealand.

A Brief History

Freemasonry was established officially when the first Grand Lodge was formed in 1717 in England. In reality, it is much older than that, dating back to late 13th-century stonemasons' guilds.

In 1842, Freemasonry came to New Zealand with Lodges from the English, Irish and Scottish Constitutions.

The Grand Lodge of New Zealand was formed in 1890. As of 30th June 2022, there are 193 Lodges in New Zealand, from Kaitiāia to the Bluff, with a total of 5,332 members.

Our Structure and Governance

Grand Master

Our ceremonial head is responsible for the overall administration of The Grand Lodge of New Zealand.

Board of General Purposes

8 appointed members look after The Grand Lodge of New Zealand (governance and policy) between triennial Grand Communications.

Grand Lodge Trustees

Up to 6 members nominated by the Board of General Purposes and elected at the Grand Communication. They hold the assets of The Grand Lodge of New Zealand on behalf of its members, monitor investments and administer the Potter, Rankin and Lawson-Smith masonic charitable trusts.

Audit & Risk Committee

An independent committee of the Board of General Purposes that oversees and advises on financial and other risks. They ensure that The Grand Lodge of New Zealand properly manages its risk and complies with its statutory obligations in New Zealand.

Freemasons Charity Management Committee

An independent committee, established under the Charitable Trust Deed, to administer and manage The Freemasons Charity. It oversees the prudent management of the Trust's investments. It is made up of the Deputy Grand Master, the Grand Almoner, two appointed members and one person seconded by the Board of General Purposes.

Putting ideas *into action*

Public Perception

In March 2022 we surveyed 500 people, a sample of the general population aged 18+ years, to gain insights about New Zealanders' attitudes towards Freemasonry.

Key takeouts:

- Likelihood of joining Freemasons is low among men who would be interested in joining a membership organisation
- There is a low awareness of Freemasonry, what it is and does
- Perception of Freemasonry is limited due to this lack of knowledge. It is still considered a "secret men-only organisation"
- Less than half believed it to be a community minded and charitable organisation.

However, there is a significant opportunity...

42% of men surveyed...
had a moderate to high interest in joining a membership organisation that shared the same values as Freemasonry.

The Board has agreed to undertake an Awareness & Acquisition programme to be rolled out over two years.

Some Key Projects

Building One Team

Significant effort has gone into building relationships across and beyond the organisation. Members are more involved in developing Lodge Champions and Lodges. Districts and Divisions are coming together to support national and local charitable and community initiatives.

We are unifying our branding across a single positioning line:
"Making a difference in New Zealand"

Enhancing Technology

We are putting a focus on administrative efficiencies, effectively delivering services and enhancing experiences for members:

SmartyGrants - An automated granting system has been rolled out across the organisation to manage Lodge Projects and charitable grants. It provides transparency and automated reporting for users and regulators. It can be upscaled to undertake services for all Masonic Charitable entities managed by Freemasons.

Membership System replacement - Our system is 10+ years old. After a review of requirements and available options, a business case will be considered by The Board in 2023, prior to a new system being rolled out.

Enhanced Governance - The Board is improving Governance oversight and transparency. BoardPro software is available to the Board of General Purposes, Grand Lodge Trustees and all Committees of the Board.

A review, with The Grand Lodge Trustees, will ensure the Board's "All-of-Governance structure" is fit-for-purpose, more transparent, accountable to members and cost-effective.

Developing Local Lodge Capability

Lodges will take control of their destinies by focusing on and measuring their Financial Sustainability, Membership Growth, Community and Charitable initiatives and improvements where necessary.

District and Lodge Champions are a vital part of helping Lodges develop. Templates and tools are being made available for local lodges to use.

Looking Forward

Retaining And Growing Our Membership

Based on research and member feedback, The Board supported a two-year Awareness and Acquisition Programme campaign which includes:

Faces of Freemasonry on Social media

Showcasing Freemasons on social media, busting myths, profiling charitable work.

Freemasonry documentary

A video about 'who we are and what we do' is in production for a 2023 release.

Growing Profile

Achieving greater visibility in the community is a priority, including showing Freemasons in action at the Freemasons New Zealand Special Olympics National Summer Games in Hamilton. National Office will support a wide variety of national and local events.

Better communication

Effective communication will play a vital role as we build and strengthen our community. Engagement in our social media, website and magazine continues to grow.

We grow richer *by giving*

Here for the long haul

The aim of The Freemasons Charity (TFC) is to achieve positive long-term outcomes.

We build long-term relationships with other charities that share our values. Our long-term investment strategy is designed to match our long-term aims. The markets can be volatile, so our short-term returns may be negative, in some years. *We don't waiver. We stay the course and take the long-term view.*

Feeling the effects of COVID-19

The 2021/22 financial year began as the 2020/21 year ended. COVID-19 dominated the picture. Severe restrictions on our Lodges' activities meant applications for support of charitable projects at a Lodge and District level are way down on previous years. Even so, The Freemasons Charity supported 67 Lodge and District projects. \$189,850 from the Charity was distributed into our communities, in addition to the funds raised by the Lodges and Districts.

Special Olympics 2021 to be held in 2022

COVID-19 meant that the 2021 Special Olympics Summer Games didn't go ahead in 2021. The good news is that it will happen in December 2022. Camp Purple and Camp Quality were also postponed. The Royal Society postponed its annual camp for science students, Powering Potential, not once but twice.

Just a few of this years recipients of Freemason Scholarships

Rethinking scholarship presentations

The pandemic forced a rethink on our annual Freemasons Scholarship Presentations. These were to be held at Parliament but, with concerns over meeting number restrictions and other issues, Regional Presentations were held in each Division. Recipients had the opportunity to attend the one that best suited them and their supporters.

The approach was a great success so we're now considering whether they should again be held in the Divisions next year.

Helping hands in tough times

We helped 57 individuals with Critical Needs Grants and a further 11 Individuals Assistance Grants **totalling \$88,362**. We anticipated a greater call for assistance grants during and following the COVID-19 lockdowns. Happily, these did not eventuate. We continue to encourage our District Charity Officers and Divisional Grand Almoners to monitor their respective areas and to provide help when and where it's needed.

We're improving approvals

In the New Year, we implemented outcome-based criteria for the approval of applications to the Charity for support and the adopting of the new 'Mission and Vision Statement'. This brings The Freemasons Charity into line with current charitable sector thinking. This new approach will make it much easier for District Charity Officers and Divisional Grand Almoners to approve projects. This new approval process means acceptance of an application will be based on what the eventual outcome will be for the local community and society as a whole.

Smart new charity software

After plenty of discussion, we settled on our new charity software. SmartyGrants. It's now fully operational and provides a full online application process and full detailed reporting. Special thanks to the staff at National Office for all their time and effort spent on bringing this online. Thanks to the Divisional Grand Almoners, District Charity Officers and Lodge Secretaries who participated in the SmartyGrants trial and implementation.

Many thanks to all who helped

The Freemasons Charity (TFC) would like to say 'a special thank you' to VW Bro Jeff Elston whose term as Divisional Grand Almoner, Southern ended. Jeff was a passionate supporter of the Charity and a great advocate for it in his Division. Jeff is replaced by VW Bro Dai Eveleigh.

We acknowledge the work of all staff at The National Office for their efforts through trying and disruptive times, and to our Grand Almoner, Divisional Grand Almoners and our District Charity Officers who helped make sure the Charity was able to continue its excellent work in our communities.

Finally, thanks to all members of The Freemasons Charity Management Committee for their work. Their foresight and commitment is helping steer The Freemasons Charity into new and exciting times.

GRAND MASTER'S INSTALLATION ADDRESS WELLINGTON 2022

To our partners, our families, our friends, distinguished guests, visiting Grand Masters, Brethren all, I extend my personal greetings and my thanks for your attendance today.

In opening my remarks, I wish to acknowledge and pay tribute to our partners and our families, all of whom contribute so much to Freemasonry by the simple act of their supporting us in our quest to be better men, better Freemasons and to our making a difference in our communities.

I especially want to thank my partner Penny for her love and support, to our sons, our grandies, our wider family and our friends, for all their support in my 38-odd years of being a Freemason.

To the Grand Masters from Australia and the United States of America and to the delegations who have accompanied you, our Sister Constitutions and to members of the Royal Arch, thank you for your attendance today at this celebration of New Zealand Freemasonry.

Most Worshipful Brother Graham Wrigley, Past Grand Master, I know this is not how you would like your term to be remembered, that of being the Grand Master who steered us through a Pandemic, but it was your clear decisive decision-making and your prompt and clear communication that was the key to Lodges and Brethren being on board as we went through lockdowns, restricted numbers at meetings and all the other inconveniences that covid dealt us.

Most Worshipful Brother Graham, on behalf of the brethren and our wider masonic family I thank you for keeping our families and brethren safe during what must be the most disruptive period in New Zealand Freemasonry since World War two. You can look back on your term with pride at what you have managed to achieve despite the upheavals of covid.

I would also like to take this time to acknowledge your team of Grand Lodge officers who had an equally disrupted term in office, and I thank them for their commitment to their brethren and to the Craft.

There are two words you will not hear me use over the next three years and they are 'Change and Culture' and for the simple reason that we as Masons regularly roll them out when we are discussing what ails Freemasonry then we promptly do nothing about either. Be aware that both are topics which are foremost on my radar as we move forward.

But what you will hear me talk regularly and passionately about are our younger masons and our future - the future of the Craft and how we, as One united Team of Brethren, work together to do our bit to add to the wonderful legacy that underpins Freemasonry.

I've long thought that candidates join the Craft for one reason, but then they stay for different reasons.

I think our numbers prove we are successful at encouraging candidates to join our ranks.

But we are not so successful when it comes to encouraging them to stay.

So, my overarching message to you as Grand Master is - I want our organisation to give our younger, aspiring - and enquiring - members more of a voice.

I want to see our newer Brethren, active in their Lodge; participating in Lodge activities, actively seeking and securing development opportunities, being invited to take on - and accepting - roles that enable them to contribute meaningfully to their Lodge's growth and its success, and ones that also support them to grow as individuals within their vocations and their communities.

To this I will be assembling a 'brains trust or think tank' of younger masons early next year to give our younger members a voice in the future of the Craft

It is time that we started investing in our younger members

And it is a time for those of us who have already benefitted from the teachings of Freemasonry, especially those of us who sit in the East, to take a step back and let our younger brethren lead, not follow.

In 2019 we implemented a new five-year Strategic Direction and in the last 3 years we have worked through this with the One Vision, One Goal, One Team implementation plan. This is due for renewal in February 2024 and I am proposing that, rather than review this document at a blue-sky, conceptual level, we enhance our existing plan by introducing annual 'project plans' instead.

These plans will be underpinned by a number of strategic imperatives and organisational priorities to ensure a cohesive approach to managing the craft, but they will be operationally driven, with clear and measurable outcomes that can be assessed each year.

In a nutshell, they will keep our organisation focused on delivering the priorities and workstreams that are important to us as we seek to grow and actively support our Lodges and retain our brethren.

Which brings me to November next year, 2023, where there is to be a Special Grand Communication where we will introduce a remit amending the Book of Constitution to allow for an annual Grand Communication instead of the present three-yearly cycle. I am not talking about an annual Grand Installation, that will remain triennial, but an annual business session, akin to an AGM.

A forum for members to gather to discuss the 'business and direction' of the organisation and debate and vote on the important issues that drive it.

I'm suggesting these events be held annually to enable us to 'pivot' more quickly to better adjust to and meet differing challenges that may impact us and we will do so using technology so that every lodge will be able to be represented and have a voice.

And lastly, but by no means least, my next comments are about two important reviews we will undertake into our governance and organisational structure.

Planning is already underway for an All of Governance Review, and Brethren can expect to discuss and ratify the findings and recommendations of this at our Special Grand Communication next year.

We are talking about the size and structure of our Board of General Purposes and our Grand Lodge Trustees and better defining their respective roles.

As you might imagine there are many and varied reasons for this Governance review and it will be fundamental to our future direction of travel as an organisation.

Our second major review will focus on our present Masonic structure which was established back in 2000 when we had a much larger membership, so it is timely that we reassess its continued roadworthiness.

We will share the findings of that review with Brethren at the 2024 Grand Communication.

And in winding up I am on a mission – a mission by June 2025 to report on our joint charitable impact.

As you all know there are many masonic charities, all working to a greater or lesser degree autonomously. How great would it be if we issued an annual joint charitable impact report detailing how Freemasons are making a difference in New Zealand. This is not about taking control of these entities but about our joining together as One Team to report on the combined impact we make in the community

So Brethren, that's the plan.

There's plenty on the agenda and it's all focused on our future.

A future in which we achieve our organisational goals as Freemasons New Zealand. Our goals for the success and growth of our individual Lodges and our personal goals as committed and hard-working Brethren who want the best for ourselves, our families, our communities, and our Craft.

Today is not just about the installation of a new Grand Master it is also about the investing and the celebration of a new team of Grand Lodge Officers who will lead and steer the craft through the next three years. To you all I offer my congratulations, I'd like to think that the next three years will see us all working as One Team to Make a Difference.

I hope you'll join me on that journey.

MW Bro James L Watt
